

Thai aerosol production jumps 5%...

The Thai Aerosol Association (TAA) released figures for aerosol production in Thailand for 2014. Total aerosol production last year was approximately 253 million cans. Tinplate steel accounted for approximately 120 million cans, while aluminum cans numbered roughly 133 million. Compared with 2013, aerosol fillings in Thailand grew almost 5%.

Aerosol product trends in Thailand include sun care, moisturizers and oils, BB creams and color cosmetics, as well as products for massage and head and foot cooling, according to Grant Coupland, Chairman, British Aerosol Manufacturers' Association (BAMA) and Colep Marketing & Innovation Director. Coupland presented this information at the recent Aerosol Promotion Council of India (APC) exhibition in Mumbai, India. SPRAY
